

# TELESPECIALISTS® TeleStroke Social Media Post Examples

***Be sure to tag TeleSpecialists in your social media posts and we'll engage!***

May is National Stroke Awareness Month. Are you familiar with the signs of stroke? Here's a helpful video by TeleSpecialists, our TeleStroke partner, on how to recognize the signs of stroke using the acronym SAVES: <https://tstelemed.com/saveswithsaha/>. #SavingLives #TeleStroke #StrokeCare

May is Stroke Awareness Month. Together, with our TeleStroke partner TeleSpecialists, we're here to remind you of the signs of stroke and help get your loved ones treatment ASAP if you start to notice them. #TimelsBrain #TeleStroke #SavingLives

We've partnered with TeleSpecialists TeleStroke because quality matters every day, 24/7 at [Hospital Name]. Partnering with experts in stroke care has allowed us to improve our average Door-to-Needle time, the number of minutes from patient arrival to treatment, to meet the American Stroke Association's best practice recommendation of 45 minutes or less! #SavingLives #TeleStroke #StrokeCare

We've partnered with TeleSpecialists to provide the highest quality stroke care for you, our local community. If you or a loved one experience sudden onset of one or more stroke symptoms, please call 911 immediately. Our stroke team and an expert TeleNeurologist will be ready when you arrive. #SavingLives #TeleStroke #StrokeCare #TimelsBrain

With stroke, rapid reaction time and treatment can dramatically improve patient outcomes and save lives, which is why we've partnered with TeleSpecialists. Through their collaborative TeleStroke service, our Emergency Department connects you with stroke experts within minutes. #SavingLives #TeleStroke #StrokeCare

We're improving stroke care in our community with TeleSpecialists TeleStroke services. This collaboration allows us to provide life-saving diagnosis and treatment to stroke patients within minutes, improving chances for recovery. #SavingLives #TeleStroke #StrokeCare

What should you expect when you get to the hospital when having a stroke? Thanks to our collaborative partnership with TeleSpecialists TeleStroke, you'll see a highly trained neurologist within minutes, who will stay on-screen with you and answer all your questions while you get the high quality care you need. #SavingLives #TeleStroke #StrokeCare

At [Hospital Name], our focus is on you and our community. Making sure we have the best possible care for you and your loved ones is where we excel. We partner with the premier TeleStroke company, TeleSpecialists, to make sure you are taken care of like family here at [Hospital Name]. #ImprovingCareImprovingLives #SavingLives #TeleStroke

When your loved one is having a stroke, you want to get them to the hospital as quickly as possible. Our #TeleStroke partner, TeleSpecialists, makes it possible to have a neurologist waiting for you when you arrive. Come see why [Hospital Name] is the best choice for you and your loved ones when you're having a stroke. #TimelsBrain #SavingLives #StrokeCare
