

# TELENEUROHOSPITALIST

A wonderful complement to TeleStroke services, TeleSpecialists' TeleNeuroHospitalist rounding provides follow-up consults for retained stroke patients and routine, non-emergent neurological consults for admitted patients. This service utilizes your hospital's onsite delegate to manage the rounds with your telemedicine cart and connect our neurologists directly to your patients.

## Symptoms & Conditions We Address

Including but not limited to:

- Dizziness
- Lumbar radiculopathy
- Metabolic encephalopathy
- Migraine
- Seizure
- Transient Ischemic Attack (TIA)
- Vertigo

## TeleNeuroHospitalist Program Benefits

- Improve stroke patient retention and avoid costly transfers
- Maximize continuity of care with a comprehensive TeleNeurology solution
- Financial impact of retaining high-acuity neurological cases can increase the Case Mix Index (CMI) and capture high-paying DRGs
- Supplement your existing neurologist to facilitate efficient coverage of patients, improve outpatient service coverage and reduce physician burnout and turnover
- Improve patient satisfaction ratings

## Value & Efficiency

- TeleSpecialists physicians document and place orders directly in your EMR for timely access to the patient care team
- With minimum technology specifications required, most hospitals can utilize their existing telemedicine cart and video platform
- Standardized rounding workflows allows our physicians to seamlessly partner with your team, ensuring the highest quality of care
- Rounds are coordinated through TeleSpecialists Rapid Response Call Center
- Ongoing didactic and clinical training of on-site rounding delegate staff is provided

## Quality Review

TeleSpecialists is committed to high-quality patient care. Our quality management department is led by a nursing team with over 50 years of hospital-based quality oversight. Every partner facility is assigned a dedicated licensed RN Quality Program Specialist (QPS). These RNs oversee all quality elements associated with your program.

TeleSpecialists is accredited by The Joint Commission and maintains certification through Bureau Veritas for ISO 9001:2015.
