

TelePsychiatry Positions

**The Patients Who Need You Most.
The Practice Built Around That.**

Who We Are

TeleSpecialists is a physician-founded, physician-owned, physician-led digital healthcare practice delivering psychiatric care to quality-focused hospitals and healthcare systems nationwide. Since 2014, our board-certified psychiatrists have provided rapidly accessible remote psychiatric services, both emergent and Consult Liaison, for the patients who need them most. Founded by physicians who understood what was missing in psychiatric access, and built a model designed to close that gap.

Now hiring psychiatrists for ED/CL TelePsychiatry.
