

# TELEPSYCHIATRY

## TelePsychiatry Program Benefits

- 24/7/365 access to inpatient psychiatry professionals
- Evidence-based, customized protocols to optimize mental health patient care
- Reduced ongoing personnel costs associated with hiring inpatient psychiatrists
- Improved patient throughput leading to reduced hospital costs
- TeleSpecialists supports Revenue Cycle Management (RCM) needs
- Integration with existing technologies and cart flexibility
- TelePsychiatrists document and write orders into your native EMR
- Optimized regulatory compliance provided by our TelePsychiatry coverage aids in reducing patient and facility risk
- Reduced stress and worry, with confidence in a reliable behavioral health service

## Emergent TelePsychiatry Consults

Our broad range of TelePsychiatry services will aid in the evaluation, stabilization, and disposition of a variety of behavioral health emergencies, including:

- Suicide attempts or self-injurious behaviors
- Suicidal ideations
- Homicidal ideations
- Acute agitation
- Severe depressive episodes
- Manic episodes
- Severe anxiety
- Involuntary commitment evaluations/referrals
- Adverse reactions related to psychotropic agents
- Co-morbid substance use disorders
- Acute psychotic episodes

## Operational Support

The TeleSpecialists team consists of more than just physicians. Our extensive resources and experience including Quality and Operational Management teams contribute to a seamless TelePsychiatry program.

## Quality Review

TeleSpecialists is committed to the delivery of high quality patient care. Our quality management department is spearheaded by a nursing team with over 50 years of hospital-based quality oversight. Every partner facility is assigned a dedicated RN licensed Quality Program Specialist (QPS). These RNs oversee all quality elements associated with your program.

TeleSpecialists is accredited by The Joint Commission and maintains certification through Bureau Veritas for ISO 9001:2015.
